

“As a long time sponsor of NMCE I can truly say it has been a great experience. The individuals involved in NMCE bring a whole new insight on real estate as an investment and over the years I have not only received numerous new accounts from them I have also purchased and sold some of my own properties using the services of NMCE members.”

“I have been a sponsor of NMCE for over 4 years now. The meetings are always lively and fun. The group is a well rounded group of professionals that get the job done when it comes to real estate. And YES my sponsorship pays off! I receive consistent business that is very worthwhile. Thanks for allowing me to be part of your group.”

“NMCE has been a great referral resource for me. I came to the title insurance business without a single customer; I started attending NMCE right away and some of my first customers were NMCE members. They have been a great source of business and a great source of referrals. This is a great networking group!”

Looking for a new, interactive way to increase your revenues?

Consider a sponsorship with the New Mexico Council of Exchangors. NMCE is a nonprofit professional organization of licensed New Mexico Real Estate Brokers dedicated to increasing the productivity of its members and to educating real estate professionals to the benefits of real estate equity marketing or "exchanging" as it is usually called.

Many of our members have transacted business together for over a decade. A special bond exists among our members which has made the Exchangors a unique business network. The quality of these relationships cause transactions to be made that otherwise would have been unlikely.

Networking, leads, and solutions at NMCE marketing sessions

The Exchangors are sometimes described as a family and for many it is true, since when we are together at marketing events, there exist a familiarity normally found only in a family. Regardless of where or when the Exchangors meet, it is of the utmost importance to all members that we market and put "Transactions" together by creating venues, money sources and ideas that lead to expanded opportunities in the marketplace. Membership in this organization is by invitation only. Prospective members are invited to attend their first meeting as a guest at no charge to see for themselves how our member's competence and creativity can result in deals that solve our client's needs.
